

## WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 71 Pounds—Now Weighs Over 100 and Is Gaining Every Day.

"Before I began taking Tanlac I only weighed 70 pounds, I now weigh over one hundred and am gaining every day," said Miss Lillian Davis of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 70 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac. "Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold by leading druggists everywhere.—Advertisement.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. Advertisement.

### Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. ## 27 TERRA COTTA MEN ARE INDICTED

NATION-WIDE CLIQUE ACCUSED OF BOOSTING PRICE FROM \$40 UP TO \$400.

### 22 FIRMS ALSO CITED BY COURT

Twin Associations Controlled Industry by Dividing Country Into Districts, U. S. Prosecuting Attorney Says.

New York.—Twenty-two corporations and twenty-seven individuals, accused of monopolizing the terra cotta business of the United States and of increasing prices from \$40 to \$400 a ton, have been indicted by the federal grand jury on charges of criminality violating the Sherman anti-trust law, it was announced by William Hayward, United States attorney for the southern district of New York.

The indicted men will be notified in the course of the week where they may appear for pleading. The defendants comprise members of the National Terra Cotta Society and the Atlantic section known as the Eastern Terra Cotta Association. The indictment followed a nation-wide investigation extending from coast to coast, under direction of David L. Bodell, assistant to Col. Hayward.

Corporations indicted included terra cotta manufacturing concerns in Chicago, Atlanta, Los Angeles, Indianapolis, Denver, St. Louis, Kansas City, Philadelphia and more than a dozen other towns in California, Missouri, Washington, New York, New Jersey and Georgia. In the eastern group was one Philadelphia concern and a number of others in small towns in Georgia, New York and New Jersey.

The indictment follows two others handed down recently by the grand jury against the sand and gravel dealers and the Portland cement manufacturers and dealers.

The indictment charges the terra cotta men with eliminating competition by dividing the territory, with price-fixing areas, through the medium of the open price plan. They also were charged with monopolizing and controlling 95 per cent of the industry.

## FLIES UP 40,800 FEET, SETTING WORLD RECORD

Lieut. J. A. Macready Uses Same Biplane in Which R. C. Schroeder Went Up 38,180 Feet.

Dayton, Ohio.—Lieut. John A. Macready, test pilot at McCook Field, shattered the world's altitude record, attaining a height of 40,800 feet in the same La Pere biplane used by Rudolph C. Schroeder, who set a record of 38,180 feet on February 28, 1920.

Lieut. Macready was in the air one hour and 47 minutes, requiring all but a few minutes of the total flying time to reach his mark. At 39,000 feet he formed on his oxygen tank, but he pressed on until the altimeter registered 41,000 feet. At this point his engine coughed and died. He then glided safely to earth.

Macready's new record is 2,620 feet higher than that of Schroeder, and in this flight the pilot suffered none of the hardships met by the former chief test pilot. Schroeder's eyeballs froze and excessive dilation of the heart kept him in a hospital nearly two weeks after the flight.

The primary purpose of the flight was to test improvements made on the super-charger invented by S. A. Moss, who witnessed the flight, and also a new propeller of very high pitch, perfected by engineers at the local field.

## PARIS STORE DESTROYED BY \$15,000,000 FIRE

Paris.—Fire destroyed all but the walls of the new Magnin-Printemps, a department store building, covering an entire block, 200 by 250 feet, and valued at \$5,000,000, with stock estimated at \$10,000,000.

The loss is fully covered by insurance. Two thousand persons were employed in the store, which was in the heart of the business district of Paris, on the Boulevard Hausmann, where streets converge from the Gare St. Lazare, the Madeleine and the Opera. Troops were called out to reinforce the police in controlling the curious thousands, mostly women, who crowded the streets and disorganized traffic over a half-mile area about the burning building.

## THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service.)

### WELLS HAWKS, 'THE BOOSTER'

Noted Publicity Man, Who Has Been Active in Formation of Legion Film Service.

He has told you all about the wonders of "the most gorgeous and stupendous tent attraction on the earth," what your favorite movie star wears for breakfast and why; what they do in the navy and when, etc., etc. For the last 30 years his writings have been read more widely than those of perhaps any American author, but his name has not been signed to them.

He is Wells Hawks of New York, formerly press agent of Ringling Brothers' circus; publicity representative of several of the leading motion picture corporations; personal representative for 12 years of Charles Frohman, the theatrical producer, and during the war in charge of publicity for the navy.

Mr. Hawks, a lieutenant commander in the naval reserve, organized and for three terms commanded the S. Rankin Drew post of the American Legion, composed of actors and actresses, movie and legitimate, publicity and newspaper men of New York city. He has been active in the formation of the American Legion film service of national headquarters, which is supplying projection machines and films to Legion posts of the country.

### KNOWN AS FAIRY GODMOTHER

State President of Minnesota Women's Auxiliary, Mrs. Sandy Hamilton, Is Warm Friend of Veterans.

With a post of the American Legion of Minnesota named in honor of her son who fell in France, Mrs. Sandy Hamilton, Minneapolis, who has just taken office as state president of the Women's Auxiliary of the Legion, has adopted all the wounded veterans of her state in memory of her boy.

During the year that she was chairman of the Legion Auxiliary hospitalization committee Mrs. Hamilton spent practically her entire time in visiting and ministering to disabled men in Asbury and Thomas hospitals. The unfortunate service men came to know her smile and her tenderness and to them she was "our fairy godmother."

Reading the report of her work before the recent state convention of the auxiliary, Mrs. Hamilton told of the loneliness and suffering of the brave men who had sacrificed their health for their country. When she had finished there was not a dry eye in the big meeting hall.

### TO ATTEND LEGION MEETING

Marshal Foch, Noted Military Leader, Plans to Honor Convention With His Presence.

The governors of Missouri and Kansas, the mayors of Kansas City, Kan., and Missouri, and a federation of the principal clubs and societies of those cities joined in a formal expression of the honor they feel on the occasion of the visit Marshal Foch will make to the United States in October to attend the opening of the third national convention of the American Legion at Kansas City.

A memorial to this effect was presented the marshal at the recent dedication of the Flirey monument in France by Charles W. Bartlett of Kansas City, chairman of the distinguished visitors committee of the convention. Mr. Bartlett accompanied the Legion pilgrimage to France for this purpose.

The marshal asked Mr. Bartlett to convey to the people of Missouri and Kansas how deeply he was touched by this honor and to assure them of the eagerness with which he looked forward to seeing more of the Legion when he should come to the United States.

### Aerial Exhibition at Convention.

Altitude trials, parachute drops and a spectacular aerial derby in which most of the country's best aviators will take part, will be included in a flying circus to be held during the third annual convention of the American Legion at Kansas City, October 30, 31 and November 1. Eddie Rick-enbacker, William Furlow and Edgar Tobin are among the aces who will be seen. A raid with illuminated bombs will feature the night flying program. Stunt flyers will change planes in air, walk on the wings and loop the loop in contest for a large prize.

## WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help me. For the first

four months I could do but little work, had to lie down most of the time, was nervous and could eat hardly anything, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children this last one was the easiest birth of all and I am thankful for your Vegetable Compound. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Natalie's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

### An Ozark Genius.

"That is quite an idea of yours, building your house on a side hill so that the slope of the structure will cause the front door to shut itself when left open," admiringly said a tourist in the Ozarks.

"Eh-yop," proudly replied a resident of Straddle Ridge. "It saves a heap of pester, one time and another. But it took me right smart of a while to figure out some scheme for opening it from the outside without touching it, but I got it at last. See that there lever block at the lower end of the house? Well, when the children come tearing home from school, instead of slamming at the door they pile onto the lever, heave ho, lift the house and the door flaps open as pretty as you please."—Kansas City Star.
